Re: FISU recognised sports

Dear Mr. President,

Your application to become a FISU recognised sport has been assessed with our Sports Management Committee. Following the presentation of your dossier to the FISU Executive Committee, we have the pleasure to inform you that FISU is officially attributing the status of FISU recognised sport to the Ju-Jitsu International Federation (JJIF).

FISU recognised sports gather International Federations that are of interest to the University Sports Movement. Events organised in these sports may be endorsed by FISU and may be included in the programme of the FISU World University Games as an optional sport.

Our World University Championships and University World Cups Department will send you shortly an MoU to officialise this collaboration. This MoU can be signed digitally but we can, nevertheless, organise a meeting around the upcoming SportAccord Convention in Lausanne to officialise this agreement.

We thank you once again for your great interest in University Sports and are looking forward to a fruitful collaboration with your federation.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Eric Saintrond', with a long horizontal flourish extending to the right.

Eric SAINTROND
FISU Secretary General /CEO
